

# FUTURE CONFERENCE: WIND & MARITIME

Wind meets Maritime Industry — 7 to 8 May 2014 — Rostock | [www.wind-maritim.de](http://www.wind-maritim.de)

# A CORDIAL WELCOME TO THE FUTURE CONFERENCE: WIND & MARITIME

Visit the conference that once again provides a compact overview on latest challenges, market and technology trends in the fields of wind energy and marine technology and a unique platform for interdisciplinary experience exchange. Participants from the wind energy, shipbuilding and marine technology sectors will come to get information.

The booklet on hand provides an overview about the conference with all information you will need with your participation. In addition, you will get information on the event at: [www.wind-maritim.de](http://www.wind-maritim.de). We would be pleased to welcome you there.

Your organizers  
WindEnergy Network & Publishing House Schiffahrts-Verlag „Hansa“

Simultaneous interpreting services will be available for the opening session and the expert forums A-G (German-English / English-German).
